

A Coffee that Changes Lives

Franchise

Welcome to
nature lovers paradise

Araku Valley

Araku Valley

About Araku Valley

India is a land of natural beauty known for its lush green forests, breath taking mountains, magnificent valleys and some major rivers. The Araku Valley is one of such locations that is treasured by nature lovers and trekkers. It is surrounded by stunning waterfalls, verdant green fields and gushing streams.

The unparalleled beauty of the hill station rising to a height of 5,000 feet is further enhanced by the thematic lighting, intoxicating the sensibilities of tourists. The heartening landscapes of Araku exude a sense of scenic charm that attracts tourists from India and the rest of the world.

Araku Valley is also famous for its rich coffee plantations. The aroma of fresh coffee beans is in the air of Araku throughout. The coffee plantations have been responsible to a large extent for the rehabilitation of the many tribes that stay in and around Araku Valley.

It was in 2007 that the first organic coffee brand by tribal growers was launched in India. This organic brand was named **Araku Emerald** and it enjoys domestic as well as international popularity.

Coffee grown in Araku valley

Type	: ARABICA & ROBUSTA

Cultivation type	: Organically cultivated

PASSION LED US HERE

Our passion is to enhance
ARAKU VALLEY COFFEE,
as one of the Speciality
Coffee from INDIA.

Our philosophy is simple -

 **Connect Tribal farmers/growers to get market access & increased price** 

It's all about the passion and commitment towards building and improving tribal farmer's income sources by purchasing coffee directly from the farmer, process and ship it to the customer at their doorstep . Our vision & goal is to provide specialty coffee in every cup which is originated at Araku Valley and known as one of the best shade -grown,100% Natural, Organically cultivated & one the GI tagged Indian Coffee.

How are we different?

1. We work with farmers directly and are committed for the betterment of Tribal Farmers & Coffee grower's livelihood in this region (covering 120kms of coffee plantation from Narsipatnam to Anantha hills, Araku valley) & extend our foot prints in other GI tagged coffee regions in India.
2. We adopted villages where coffee is produced in various altitudes and aiming to build a market for Single origin coffees which is at great demand in domestic & international markets.
3. We have prepared a unique blend for serving the best south Indian filter coffee which is well appreciated for the last 7+ years by all the coffee lovers.
4. While we promote Araku valley coffee, a certain % of revenue goes for Tribal farmers welfare like free medical camps , support local doctors to take care of small needs like spectacles for senior citizens , medical equipment like oxygen concentrators & anything which is a real need of the hour to save tribal farmers lives.
5. We support in building next generation women in tribal region to become successful entrepreneurs.
